FALL STYLING CHECKLIST

- ☐ Use warm lamp light and candlelight
- ☐ Layer linen, wood, glass, and ceramics
- ☐ Mix rather than perfectly match
- ☐ Add one natural centerpiece
- ☐ Keep tables functional, not cluttered
- ☐ Let books, baking tools, or collections show
- ☐ Make the home feel cozy through scent and texture

5-SENSES CHECK

- ☐ Sight — warm light, softer color, less visual clutter
- ☐ Touch — layered textiles, quilts, linen, and wool
- ☐ Scent — a simmer pot, baking spices, or fresh air
- ☐ Sound — a cozy playlist, quiet, or crackling ambience
- ☐ Taste — cider, soup, bread, or a simple fall treat

WHAT NOT TO BUY

- ☐ Plastic leaf garlands that look fake
- ☐ Too many matching seasonal signs
- ☐ Trendy decor you will not use after fall
- ☐ Oversized centerpieces that block conversation
- ☐ Cheap clutter that does not solve a real styling need

home is a
